KHUSHI MALIK

North Delhi, Delhi, 110007

DOB: 10/06/2006 | Ph: 9536110472

Email | LinkedIn | GitHub | Portfolio

Academic Qualifications

Course / Examination	Institution	Grade	Year
B.Sc. (Mathematics)	Kirori Mal College, University of Delhi	8.27 CGPA	2026
Class XII (PCM)	CBSE	85%	2023
Class X	CBSE	80%	2021

Work Experience

Planto AI **Remote, New Delhi**

Lead AI Researcher *Aug 2025 – Nov 2025*

- Optimized Retrieval-Augmented Generation (RAG) pipelines through advanced re-ranking and semantic chunking, achieving an **18% increase** in LLM accuracy and a **25% reduction** in latency.
- Led a cross-functional team of 5 engineers to ship an AI-powered VS Code extension using multi-agent workflows, driving a **30% boost** in developer productivity.
- Engineered cost-efficient model fine-tuning workflows using Hugging Face Transformers and PEFT (LoRA), reducing cloud infrastructure costs by **40%**.
- Collaborated with executive stakeholders to define AI strategy and presented data-driven insights that accelerated adoption of AI initiatives by **15%**.

AI Researcher *May 2025 – Jul 2025*

- Optimized LLM inference through tokenization improvements and prompt compression, increasing speed by **20%** and response relevance by **15%**.
- Architected scalable end-to-end ML pipelines using Python and Hugging Face, enabling production rollout within 4 weeks and handling **10k+ daily queries**.
- Designed and deployed enterprise-grade RAG systems for efficient retrieval across organizational datasets.

Data Analyst Intern – Unified Mentor *Apr 2025 – May 2025*

- Performed data cleaning and preprocessing to improve data quality and prepare datasets for analysis.
- Used SQL to query, filter, and organize structured data for analytical tasks.
- Applied data analysis techniques to identify patterns and derive meaningful insights from datasets.

Positions of Responsibility

LinkedIn Manager – DAKSHI.108 **Oct 2025 – Present**

- Managed LinkedIn content and applied social media optimization (SMO) to strengthen digital visibility and audience engagement.

Data Compilation Committee Co-Head – DAKSHI.108 **Jul 2025 – Oct 2026**

- Coordinated data compilation activities, organized records, and supported Excel-based data management and team coordination.

Additional Information

Projects	**AtliQ Sales Reports** [GitHub] *Excel, Power Query, Power Pivot, DAX* • Built an interactive sales reporting solution using ETL, Power Query, Power Pivot and DAX to analyze customer behavior, market trends and financial performance. • Transformed and modeled raw business data into structured reports and dashboards to track sales performance and support data-driven decision making. **Finance & Supply Chain Analytics** [GitHub] *SQL, MySQL, Data Analysis* • Analyzed finance and supply-chain datasets using SQL to extract business insights, investigate performance metrics and answer operational and financial questions. • Applied SQL aggregations, joins and filtering to turn raw data into structured business insights.
Achievements	• **Zindi AI Challenge:** Global Rank 120 among 100k data scientists; awarded **USD 2000** prize money. [Leaderboard] • Received a Letter of Recommendation from Coding Jr. • **Certifications:** Excel Business Intelligence; SQL and Python (Beginner to Advanced). [View Certificates]
Freelance	**Data Scientist – Zindi** *Apr 2025 – Present, Remote* *GeoFM Crop Classification Challenge:* Used PRESTO/Amini Earth FM embeddings from Sentinel-2 imagery to classify cocoa, rubber, and oil palm, optimizing classifiers for Log Loss. [Details]
Skills	**Data Analysis & BI:** SQL, MySQL, Excel (Power Query, Power Pivot), DAX, Python; **Languages & Frameworks:** Python, SQL, TypeScript, FastAPI, PyTorch, Hugging Face; **AI/ML & GenAI:** RAG, PEFT/LoRA, NLP, LLMs, Transformers.
Hobbies	Understanding and analyzing business case studies
